

Temporary Verge Crossing Permit Application (Verge Protection Permit)

Information to Applicant

A Verge Protection Permit Application is required when carrying out building and/or demolition works within the City. In order to gain approval for building access to your property and protect the City's infrastructure against damage, you must complete this Verge Protection Permit Application Form.

- A refundable bond is payable as security for any repairs or clean-up the City must undertake after your work has been completed.
- The City will conduct a pre-construction verge inspection.
- The Verge Permit applicant must contact the City in writing to apply for a bond refund at the conclusion of the work. Upon notification, the City will conduct a post-construction verge inspection.
- Work cannot commence until payment has been made in full and a Verge Protection Permit has been issued.

Works Type <i>(Please tick applicable box)</i>	
<input type="checkbox"/>	Demolition
<input type="checkbox"/>	Building
<input type="checkbox"/>	Below Ground Swimming Pool
